4 New Features:

4.1 ICD-10 Code Changes System Scope

The ICD-10 code changes affect both the medical and behavioral health codes that are available for selection in a youth's record in CYBER. The following is a recap of the number of changes that will be made for FY2021 effective 10/1/2020.

- 490 ICD-10 codes and 162 ICD-10 Header codes have been added
- 58 ICD- 10 codes and 7 ICD- 10 Header codes have been deleted
- 47 ICD-10 codes and 5 ICD- 10 Header codes have been revised

The ICD 10 Code changes apply to the following areas of CYBER where an ICD 10 Code can be entered in the Diagnosis section of the following:

- Youth's Facesheet
- Needs Assessment
- BPS Assessment
- CAT Assessment
- BHH Nursing Assessments
- OOH Assessment
- CMO/UCM Treatment Plans
- IIC BA Treatment Plans
- IIH Treatment Plans
- MRSS Treatment Plans
- OOH Treatment Plans
- Substance Use Treatment Plans
- UM Forms
- Claims/1500 Forms

4.2 Assumptions

- All other ICD-10 Codes will remain unchanged
- ICD 10 Codes are not included in the authorizations created in CYBER
- ICD 10 Codes for CSSP SED, ASD and CSSP IDD Waivers will be updated if applicable once the ICD10 code changes have been implemented.
- Any revised medical code where only the description has changed will display the new description in a youth’s record for both newly added and historic diagnoses
- Any deleted medical code will be marked as inactive
 - The inactive code and description will still display in a youth’s record if it was previously entered
 - The inactive code and description will no longer be available in the “Search Diagnosis Screen”.
- Any revised behavioral health code where the description has changed will display the new description in a youth’s record where previously selected (historic)
- Any deleted behavioral health code will be marked as inactive
 - The inactive code and description will still display in a youth’s record if it was previously entered
 - The inactive codes and description will no longer be available for selection
- Substance Use codes which are both behavioral health and physical health codes will be addressed in the APA(American Psychiatric Association) website and will be highlighted in the BRS
- All codes must be included under ICD-10, unless specified in the BRS that codes are BH(Behavioral health) or BH+PH(Behavioral health+Physical health). Do not make changes to the existing codes in CYBER if they are designated as BH or BH+PH
- When we converted from DSM IV and ICD 9 to DSM V and ICD 10 in 2015, the State did not want a crosswalk between DSM V Diagnosis Codes and ICD 10 Codes. Since the ICD 10 Codes are not an exact match to DSM V diagnosis codes, one cannot determine if a “non billable” code is cross walked to a DSM V Diagnosis, so all codes (including Header codes) must be loaded into CYBER. The Clinician making the DSM V diagnosis determines the correct ICD 10 code, so do not disable the non -billable ([ValidFor_HIPAA_Submission_Code] = 0) codes in CYBER.
- ICD-10 cm_order_addenda file will be used to upload codes in CYBER
- Any codes not in CYBER, not indicated icd10cm_order_addenda file but indicated on icd10cm_order file will be uploaded into CYBER

5 Defect Fixes

The following items are included in this release.

Work Order/FogBugz	Description
WO- 332188 FB-30400	ISSUE: 'Add New' Child Button Gets Disabled After Start Date Validation

Work Order/FogBugz	Description
	RESOLUTION: Add new Child button is no longer being disabled.
WO- 332548 FB-30404	ISSUE: DD ELIG REVIEW FORM: Deleted Documents Causing "Save Failed" RESOLUTION: DD Review form saved without the error. Original youth's DD review Form also saved with no error.
WO- 332512 FB-30405	ISSUE: UCM: CSA SERVICE CENTER PN is not visible to UCM user RESOLUTION: PGM indicator was missing on CSA Service Center PN therefore it was not visible to UCM. Fixed the issue with PGM and now CSA Service Center PN is visible to UCM user.
WO- 334196 FB-30510	ISSUE: BILLING- AUTH CHNAGE REQ- Error on Accept RESOLUTION: Due to Decimal units, Cyber was not handling it well and throwing an error on Auth change request Accept button. Fixed the issue and no more error occurring on Accept button.
WO- 334234/333928/333930 FB-30505	ISSUE: FSO User Cannot Edit FANS Returned to Them RESOLUTION: The user name had a space after in the database that is why the issue was occurring. Fixed the space after the user id and now FANS can be edited.
WO- 331008 FB-30377	ISSUE: TJCR- Actual Transition date keeps on adding if removed prior re- submission RESOLUTION: Actual Transition date is fixed now.
