4 New Features

CYBER Release 1.39.1.0 includes changes to the Document tab of a youth's Facesheet allowing new CYBER users access to upload and view documents to a youth's record. This release will also include enhancements for CSA users when searching for or adding new records within CYBER.

4.1 Document Upload Phase II

The following changes have been made to the Doc tab of a youth's record for the Document Upload Phase II functionality:

- Access to the Document Upload functionality within the Doc tab of a youth's record will be given to RES, IIC and CRI user types.
- There will be updates to the list of Document Types and Document Sub Types available for each user type with the appropriate security will be able to upload to a youth's record.
- A new layer of security will be implemented to limit the view access of users to certain Document Types uploaded to a youth's record.
- The system will now only allow users to upload documents in the following file formats:
 - .bmp - Picture
 - .gif - Picture
 - .jpeg - Picture
 - .jpg - Picture
 - .pdf
 - .png - Picture
 - .tif - Picture
 - .tiff - Picture
- EXE (CSOC) users will have their Document Upload functionality modified to ensure only specified users will be able to upload and view documents on a youth's record.

4.2 Associate Youth Search

The following changes have been made to the Call Module and Add New Child to the system screen:

- The following new fields will be added to Associate Youth tab of the Call Module to enhance the possible search:
 - Age
 - Gender
 - Under Age 25
- The system will ignore special characters and suffixes in the entered search fields of the Associate Youth tab or within the youth's record when running a search for a youth's record.
- The current Add New Child to the system screen will have the following fields added to it:

- Preferred Method of Contact
 - Secondary Area Code
 - Secondary Phone Number
 - Youth Marital Status
 - Youth Veteran Status
 - Race
 - Ethnicity
 - Parent/Legal Guardian Email
 - Copy Address to Mailing Address
 - Results grid
- CSA users will be able to perform another search on the Add New Child to the system screen that will search of all youth records in CYBER and if 5 out of the following 9 fields are an exact match, or the First Name, Last Name and Date of Birth exactly match an existing youth's record the system will display a message warning that there is a possible match and populate the Results grid with all of the possible matching youth.
- The Call ID field will be removed from the Associate Youth tab and will be displayed in the header of the Call Module.
- There will be additional columns for Primary and Secondary Phone Numbers in the search grid of the Associate Youth tab.
- There will be a new call resolution added to the Call Resolution grid on the Resolution tab of the Call Module labeled Transfer to Care Connector.
- The system will now validate that the user selects at least one of the following Call Resolutions prior to being able to Accept & Keep Call Open:
- Transferred to Clinical Queue
 - Transferred to Care Connector
 - Referred Internally (PC) for Resolution

4.3 Camp 2017

The following changes have been made to CYBER for the Camp 2017 functionality:

- Updated auto Progress Notes for Camp and Camp One-to-One Requests to include the new Pending and Not Approved reasons.
- The Start and End Date of the auths auto generated for approved Camp and Camp One-to-One Requests has been updated to the 2017 camp season.

5 Defect Fixes

The following items were fixed and have been included in this release.

FogBugz #/ Work Order #	Description
FB22222	<p>Issue: 311 ICD-10 Diagnosis Codes have been deleted from the system. However if a user copies an existing diagnosis with the 311 ICD-10 code the system is copying over the deleted code for the new diagnosis.</p> <p>Resolved: Users can no longer copy inactive diagnosis codes that are visible on old diagnosis records.</p>
FB22253 WO 192212	<p>Issue: Diagnosis is not being printed on Facesheet correctly.</p> <p>Resolved: The print report for the youth's Facesheet Diagnosis screen is now correctly displaying the Complete Diagnosis records.</p>
FB22418	<p>Issue: Users are receiving a Null Exception Error while opening a BPS from the Plan Approval screen.</p> <p>Resolved: Users are able to open BPS Assessments as expected from the Plan Approval screen.</p>
FB22638 WO 198535	<p>Issue: When comparing a new UMSR form to an associated SNA, the rated question in the IDD Module, "Self-Care Daily Living Skills" shows a different score in the associated UMSR.</p> <p>Resolved: The questions "Self-Care Daily Living Skills" is now appropriately copying the selected answer in the associated UMSR.</p>
FB22727 WO 199762	<p>Issue: CSA users are seeing duplicate entries in the Review History grid for Camp and Camp One-to-One Requests submitted last year.</p> <p>Resolved: The Review History grid has had the duplicate records removed and is displaying the correct information.</p>
FB22843 WO 200386	<p>Issue: The UM form "Substance Use" rating from the associate SNA dose not match the actual SNA selected rating.</p> <p>Resolved: The system is now correctly displaying the selected SNA rating in the UM form it is associated with for the "Substance Use" question.</p>
