4 New Features

CYBER Release 1.42.0.0 includes a new Treatment Plan for CMO users called UCM – Annual Review that will be required during the anniversary date of CMO being opened to the youth. The new Treatment Plan will also prohibit users from creating a CR90D Treatment Plan during that time frame. This release will also include a new Assessment for FSO users called FANS. FSO users will also receive new Welcome Page functionality to display the FANS Assessment as well as when a Continued Access Progress Note is needed for youth they are currently providing services for. The following items are included in this release:

4.1 CMO Annual Review

- ❖ There will be a new Plan Type in the Treatment Type drop down once the user creates a UCM – Treatment Plan labeled UCM – Annual Review which will be modeled off the CR90D plan.
 - The UCM – Annual Review plan will only be available starting 60 calendar days from the anniversary date (each year) of the CMO being opened to the youth. If a user attempts to create a UCM – Annual Review before the plan becomes available, they will receive a pop up message warning them the plan is not currently available.
 - Once the UCM – Annual Review plan becomes available the system will prevent CMO users from creating and or submitting the CR90D plan until the UCM – Annual Review plan has been approved.
 - When submitting the UCM – Annual Review plan the system will require the user to enter a CFT Annual Review Progress Note prior to submitting the plan to the CSA for review.
- ❖ Changes will be made to the Plan Approval screen for CSA and CMO users to display the UCM – Annual Review plan.

- The Plan Approval screen will display AR for the UCM – Annual Review plan in the Plan Type grid.
- ❖ There will be a new field on the Treatment Plan Type Selection accordion on all CMO and OOH Treatment Plans that will display the open CMO’s annual review date (anniversary date).
- ❖ The UM Service Request Form will have the following new selections on the Diagnosis/Intensity of Service tab replacing the current selection “Continued Stay CMO A-H” and pull into the corresponding UM Form Progress Notes:
 - Continued Stay CMO Mod A-H
 - Continued Stay CMO Hi A-H
- ❖ CSA users will have a new Status Flag at the top of the youth’s record as well as on the Plan Approval screen that will display “CMO Annual Review” starting 60 calendar days from the open CMO’s Annual Review date until the plan has been approved.

4.2 FANS
