2 Overview

This document provides the information related to the implementation of the CYBER version 1.44.4.0. The State of New Jersey, Department of Children and Families, Children's System of Care (CSOC) has requested to make changes to the Annex A Addendum (AAA) functionality to support Psychiatric Residential Treatment Facility (PRTF) provider type 44 to 59 conversion. As a part of PRTF conversion, providers receive new Medicaid ID numbers and are required to create and submit a new AAA for their program. Updates will be made to the AAA copy functionality and wording will be modified on the AAA.

The AAA release will implement changes to the AAA functionality as listed below.

- Following areas will be included in the AAA copy functionality:
 - Clinical Model Accordion
 - Population Served Accordion:
 - General Comments
 - Ages and Gender Served
 - Indicators for the Sexual Behavior with the Evaluation of Low, Moderate or High Risk
 - Agency Information accordion: Conditionally Approved
 - Services Provided Accordion: Independent Living Curriculum (ILC)/Life Skills Training (LST) Type and Other for the agency or community selected.
 - Miscellaneous Stipulations Accordion will have wording modified.
 - The Print of the AAA will include the DRAFT watermark on the Miscellaneous Stipulation accordion.

PerformCare (CSA) has requested to make changes in CYBER to the Preferred Method of Contact to support the BioPsychoSocial (BPS) texting campaign. Changes will be made to the CSA Preferred Method of Contact grid and the Add/Edit CSA Preferred Method of Contact screen in the Demographics tab. These enhancements will enable PerformCare to identify the Contact and Contact information in relation to a selected Communication Type.

The following changes will be implemented in CYBER related to the CSA Preferred Method of Contact Grid:

- The Contact column will be renamed to Contact Info.
- New columns First Name, Last Name, Contact, Support Type, Relationship, and Allow Communications will be added to the grid.

The following changes will be implemented in CYBER related to the Add/Edit CSA Preferred Method of Contact screen:

- Contact drop down will be renamed to the Support Type.
- The Allow Communications Yes and No radio buttons will be added to the screen.
- The AHH Campaign, BPS Campaign and Youth Survey will be added to the Communication Type drop down.
- Survey in the Communication Type drop down will be renamed to CSOC Survey.
- The Contact filter with the Youth and Support options will be added to the screen.
- The Relationship filter will be added to the screen.
- New Contact Information grid will be added. The grid will display in the Add/Edit CSA Preferred Method of Contact screen when the user selects Supports in the Contact filter. The grid will show youth's active support information based on the Preferred Method of Contact, Support Type and Relationship filters.

4 Defect Fixes

The following items were fixed and have been included in this release.

FogBugz #/ Work Order #	Description
FB 20772 WO 177161	ISSUE: The following items are not being copied over into the Renewal Contract: 1. The drop down option selected in Independent Living Curriculum/Life Skills Training -> Agency or Community is not copying over on Renew 2. Some options selected in Sexual Behavior do not copy over on Renew RESOLVED: Data is now copying correctly into the Renewal Contract.
FB 26440 WO 250253	ISSUE: A deleted or end-dated Primary 1 Support continues to populate in the Parent/Guardian fields in Treatment Plans--a new Support won't populate. RESOLVED: End-dated Primary 1 Support no longer populates in the Parent/Guardian fields in Treatment Plans.
FB 26362 WO 245950	ISSUE: Some addendums are filtering incorrectly in the ACTIVE and INACTIVE grids. RESOLVED: Addendums now filter properly.
FB 26412	ISSUE: The Current Medicaid # field on the Eligibility section of the Dashboard is

WO 249273	showing up blank for certain youth, although the youth has active Medicaid. RESOLVED: Current Medicaid # is now displayed.
FB 26424 WO 152813	ISSUE: CMO cannot see BSP/FBA assessments submitted by a provider after the provider is deactivated. RESOLVED: CMO can now see BSP/FBA assessments submitted by deactivated providers.
FB 26462 WO 248962	REQUEST: FSO Crisis Contact and FSO Health Insurance Claim progress notes are no longer needed. RESOLVED: FSO Crisis Contract and FSO Health Insurance Claim progress notes have been removed.
FB 26371 WO 191028	REQUEST: The caller information of the Triage Progress Note template has the populated County, City, and State aligned next to the preceding colon. As a result, spell check is not working as expected for the Clinical Reviewers as it FLAGS these combos as one word. Please add a space after the colon for County, City, and State. RESOLVED: Space has been added after the colon for County, City, and State.
FB 26415 WO 245563	ISSUE: If a MRSS user creates a TICP and enters a TRANSITION DATE and saves the plan, the user cannot change this date even though the plan has not been submitted. RESOLVED: User can now change the transition date after saving the plan.
FB 26423 WO 249317	REQUEST: Currently when a Certificate of Need is assigned to individual medical doctor an auto-generated email is sent to their individual email address. The request is to change the email address to a distribution group rather than individual email addresses. RESOLVED: The auto-generated email is now sent to a distribution group.
FB 10997 WO 98023	ISSUE: Annex A: Entering '0' into field bypasses validation errors in Treatment Team Members To Child Ratios. RESOLVED: '0' is no longer accepted as a valid integer.
FB 26377	ISSUE: Some of the AnnexA fields are not getting copied over when copy is performed from old program to new.

FogBugz #/ Work Order #	Description
WO 245039 WO 246484	RESOLVED: All fields now copy correctly.
FB 26407 WO 245285	ISSUE: CMO is able to add same FSO provider episode with the same dates, by double clicking on Accept button. RESOLVED: User can no longer add the same FSO provider episode with the same dates, by double clicking on Accept button.
FB 26339 WO 120016 WO 244216	ISSUE: When an Annex A is copied from an approved addendum into a new addendum, the Clinical Model and General Comments (from Populations Served) data is not being copied over to the new addendum. RESOLVED: The Clinical Model and General Comments data is now being copied to the new addendum.
FB 26411 WO 249251	ISSUE: Needs Assessment Referral screen (Randomizer) currently displays Language Short Description in the drop down. Show Language Long Description in Drop Down Box to match the provider Specialization screen. Sort order is also incorrect. RESOLVED: The language long description is now displayed and the sort order has been corrected.
FB 26376 WO 207359 WO 297927	ISSUE: In the CYBER 1500 claim form, providers should only be able to enter a numeric code for the place of service (technically it should only be one-digit code from 0-9). RESOLVED: Providers are now allowed to only enter a one-digit code between 0 and 9.
FB 26356 WO 245350	ISSUE: Users are able to add multiple identical entries to the CSA Preferred Method of Contact grid on the Demographics tab. RESOLVED: Users are no longer able to add multiple identical entries to the CSA Preferred Method of Contact grid.
