User Mode

User Name

Youth / Child Search	Youth / Child Search	Brings the user to the Youth/Child search screen
My Active Youth	My Active Youth	Displays a list of the youth the user is assigned to via the Provider tab on the youth's Face Sheet
OOH Treatment	Out of Home	Opens YouthLink, only available to Care Management Organizations (CMO) and Out of Home (OOH) providers
Provider Details	Provider Details	Opens the Provider Details and lists Medicaid and Non-Medicaid Providers
Message Functions	Message Functions	Area for automated YouthLink messages for Care Management and Out-of-Home providers
System Functions	System Functions	Opens the Manage Access area - Non-Security Administrators can change their own password. Security Administrators can manage other users' IDs, edit security settings, deactivate users, etc.
Call Queue	Call Queue	(Not available to CCIS & MST)
Create Call	Create Call	(Not available to CCIS & MST)
Reporting	Reporting	View Reporting options, available for use by Level 3 security (based upon security settings)
Historical Access	Historical Access	Opens a historical list of youth no longer open to the agency; allows a user to access a record in read/print only view
Anomaly Management	Anomaly Management	Opens a screen where anomalies are displayed, selected, and resolved
