FSO Report \textit{NJ1435\_FSO\_CFT\_Attendance}

\section*{I. Description}

The FSO CFT Attendance report will satisfy CSOC reporting needs by measuring FSO participation in Child and Family Team Meetings. The report will count the number of CFT meetings the FSO actively participated in via the Support Attendees accordion in the Treatment Plan*, along with Date Notified and How Notified columns.

\begin{itemize}
\item *CMO Treatment Plans such as:
\begin{itemize}
\item AR90D - Annual Review
\item CR90D - Comprehensive 90
\item InitISP - Initial Service Plan
\item SC - Service Change
\item TISP - Transition Service Plan
\end{itemize}
\end{itemize}

Note that this data is currently generated by the responsible CMO. The report looks for Notification Date (Date Notified) and Method of Notification (How Notified) within the FSO Episode Start and End Dates. The report will also show the percentage of CFT meetings the FSO attended against the total meeting invitations based on the date range entered by the user.
